THE BETTER WAY TO FINANCE PREMIUMS AND EQUIPMENT

Working capital lines of credit are a vital financial management tool for many construction industry businesses.

In this age of institutional bank mergers, the pool of available credit sources has diminished — and the terms imposed have become burdensome.

PROVIDING YOUR COMPANY WITH A
COST-EFFECTIVE PREMIUM FINANCING PROGRAM

DOES IT MAKE SENSE TO USE YOUR LINE OF CREDIT TO PAY YOUR INSURANCE PREMIUMS?

We provide premium financing alternatives that allow you to make the best use of your available cash and working capital. Our streamlined application process ensures a rapid response to your financing request.

Other advantages include:

- ▶ Competitive fixed interest rates
- ▶ Your insurance policy is your collateral
- ▶ Less stringent terms than typical loans
- ▶ Convert premium costs to equal monthly expense installments

Your Industry-Friendly Funding Source

Allied North America is keenly aware of the challenges faced by construction businesses today. Keeping your company financially healthy and protected from loss is our top priority. Providing your company with a cost-effective, financial solution, integrated with your risk management program, is our primary goal.

Responsive Financing Professionals

- ▶ Multiple major funding sources
- ▶ Payment schedules tailored to match your cash flow
- ▶ Your choice of statement or coupon payments

**Turn to Allied for your financial solutions,
and save your working capital line of
credit for operations.**
